The nutritional value of dried coffee pulp (DCP) in broiler chickens' diets
A. Donkoh, C.C. Atuahene, A.G. Kese and B. Mensah-Asante (Kumasi, Ghana) 139
Amino acids flow to and absorption from the small intestine of sheep fed barley and sulfur dioxide-treated straw at different ratios
D. Ben-Ghedalia and R. Solomon (Bet Dagan, Israel) 147
Colonization of guinea grass by anaerobic rumen fungi in swamp buffalo and cattle
Y.W. Ho, N. Abdullah and S. Jalaludin (Selangor, Malaysia) 161

Short Communication
Digestibility in vivo of ensiled grapevines (branches and leaves): influence of the system of analysis in the detergent fibre scheme on the prediction of digestibility
A. Rebolé, P. Alvira and G. González (Madrid, Spain).....173

VOL. 22 NO. 3 JANUARY 1989

Feed intake and milk yield at increasing supplement of a palmitic and stearic acid-rich type of fat in comparison with animal fat
J.E. Hermansen (Tjele, Denmark).....179
Feed intake, milk yield and milk composition by replacing unprotected fat by Ca-soaps for dairy cows
J.E. Hermansen (Tjele, Denmark).....193
An evaluation of skim milk powders subjected to different heating conditions during processing as dietary protein sources for the young pig
P.J. Moughan, M.N. Wilson, C.H.M. Smits and W.C. Smith (Palmerston North, New Zealand).....203
Nutritive value of diets containing triticale and varying mixtures of triticale and maize for growing–finishing swine
R.O. Myer, R.D. Barnett, J.A. Cornell and G.E. Combs (Marianna, FL, U.S.A.) 217
Effects of added dietary urea on the utilization of maize stover silage by growing beef cattle
A.M. Adamu, J.R. Russell, A.D. McGilliard and A. Trenkle (Ames, IA, U.S.A.) 227
The nutritive value of ensiled forages cut at three stages of growth
S.V. Sarwatt, M.A. Mussa and J.A. Kategile (Morogoro, Tanzania) 237
SO_2-treated Straw as a Silage additive: fermentation data on lucerne with particular reference to protein degradation
D. Ben-Ghedalia and E. Yosef (Bet Dagan, Israel) 247
SO_2-treated straw as a silage additive: the participation of soluble and cell wall monosaccharide residues in lucerne silage fermentation
D. Ben-Ghedalia and E. Yosef (Bet Dagan, Israel) 255

Short Communication
A comparison of wheat- or barley-based diets given ad libitum as meal or pellets to finishing pigs
N. Walker (Hillsborough, Gt. Britain) 263

Book Review
Rumen studies.....269

Announcement.....271

VOL. 22 NO. 4 **MARCH 1989**

The effect of fat level and type on the utilization of triticale (cultivar Carman) by broiler chicks
A.K. Al-Athari (Pullman, WA, U.S.A.) and W. Guenter (Winnipeg, Man., Canada) 273
The nutritive value of tamarind seeds for broiler chicks
S. Panigrahi, B. Bland and P.M. Carlaw (Culham, Gt. Britain) 285
Effect of soaking, ensilage and hydrogen peroxide treatment of barley straw on rumen degradability
P.K. Bhargava, E.R. Ørskov and T.K. Walli (Aberdeen, Gt. Britain) 295
Effect of ammoniation and energy supplementation on the utilization of wheat straw by sheep
J. Zorrilla-Rios, G.W. Horn and R.W. McNew (Stillwater, OK, U.S.A.) 305
Nutritive value of pungam (*Pongamia glabra* Vent) cake for sheep
D. Chandrasekaran, R. Kadirvel and K. Viswanathan (Madras, India) 321
Nutritive value of banana stalk (*Musa cavendishi*) as a feed for sheep
K. Viswanathan, R. Kadirvel and D. Chandrasekaran (Madras, India) 327
Comparison of cottonseed cake and dried blood as nitrogen sources for growing Sudan Nubian goats
A.E. El-Tayeb, F.M. Abdel-Raheim and A.M. Awadel-Kareim (Khartoum North, Sudan) 333
A titration method for silage assessment
T. Moisio and M. Heikonen (Helsinki, Finland) 341
